

LATE NEWS FROM ABROAD.

The Japanese in China Under Chinese Jurisdiction.

THE FIELD OF AMERICAN POLITICS.

Harrison Talks in Wilson's District—Split in the Democratic Party in Louisiana Over the Tariff—Entombed in a Mine—Wreck of a Warship, Etc.

LONDON, Sept. 5.—A dispatch received from Shanghai today says that that city is the scene of a lively excitement on account of the swift execution of two Japanese yesterday by the Chinese authorities.

The two victims of Chinese law took refuge at the American Consulate, and confidently expected that the representative of the American Government would afford them the desired protection. As soon as the Consul became satisfied that the men were spies, and realized that, under the circumstances, he could not interfere in their behalf, he turned them over to the Chinese authorities, by whom they were promptly beheaded. The action of the authorities created a profound sensation among the Japanese residents of the city, and they are getting away as rapidly as possible.

All the Japanese in China have now been put under Chinese jurisdiction, and nearly all the Japanese business houses have closed. As soon as the action of the Chinese authorities in the case of spies shall have reached Japan it is thought that the Chinese in the latter country will be made to feel very uncomfortable.

The Chinese press is ridiculing England for its apathy regarding the Kow Shung incident.

A junk was sunk by a torpedo yesterday and all on board were lost. It is reported that a levy for 250,000 men has been made on the province of Shang Tung, which has heretofore withheld supplies demanded by the Government.

SHANGHAI, Sept. 5.—The alarm among the Japanese continues to spread, and they may now be said to be fleeing from the country, as there seems to be little or no protection for them here. They insist that the surrendered prisoners were executed immediately after they were given into the hands of the Chinese authorities. This, however, has not been confirmed.

All the Japanese of the city, about 700, are making preparations to leave China at once. The Japanese merchants are selling out their business.

WASHINGTON, Sept. 5.—A military attaché of the United States army will have a chance to witness the war operations in the Orient. General Schofield, who is Acting Secretary of War, received a cablegram today from the Government of Japan, inviting him to detail an officer or officers of the United States army to travel with its army and witness the various military operations which will ensue. The cablegram announced that similar invitations have been extended to other civilized Powers. General Schofield said that it was his intention to act favorably upon the invitation, and to have the army represented by some officer or officers, who would be instructed to make full reports on all operations during the war.

SHANGHAI, Sept. 6.—According to Chinese reports during the recent fighting on the Korean border, the Chinese lured the Japanese on to a subterranean mine, which killed 500 of their number when it exploded. Heavy rains are impeding the operations in Korea. Many skirmishes have taken place. At Chingwha the Koreans captured thirty Japanese scouts and handed them over to the Chinese. The Japanese threaten that unless the arsenal is closed, they will withdraw their promise not to attack Shanghai.

SYDNEY (N. S. W.), Sept. 6.—The steamship Cathie has arrived at Sydney from Hongkong. The steamer left the Chinese port on August 30, and it was then the opinion of well-informed persons in Shanghai that unless foreign arbitration and diplomacy succeed in negotiating a peace between China and Japan, the war will last for at least a couple of years.

Ex-President Harrison Speaks

ELKINS (W. Va.), Sept. 5.—The Republicans of the Second Congressional district never had so large a convention as the one that nominated Alston Gordon Bayton of Barbour county to run against Chairman W. L. Wilson for Congress. Ex-President Harrison arrived at 1 p. m., and is the guest of ex-Secretary Elkins. A committee was appointed to call upon the ex-President and invite him to address the convention. He was greeted with loud applause.

Mr. Harrison, after stating that he had not expected to make a speech, said in part: "You are assembled to discharge a public duty, and I will not, therefore, detain you with my speech. This district will be before all eyes this autumn. This contest is not local. It happens that your present representative has been assigned to prepare the tariff bill and has attached his name to it. It is, therefore, expected that his conduct will be subjected to severe and careful scrutiny. Fortunately the proclamation has been made by President Cleveland and Mr. Wilson that the tariff bill is not a finality, but that this destructive warfare is to go on. If you approve this show it by returning Mr. Wilson to Congress; but if, on the other hand, you have felt the effects of the depression; if you think more of those who prefer to lead the country through the slough of despondency, show it by defeating him." Ex-President Harrison was received with enthusiasm and his brief speech applauded at various points.

Splitting the Democracy.

NEW YORK, Sept. 5.—The Sun's New Orleans special says the sugar planters of the State have led off in

their movement against the tariff policy of the Democratic party by a large mass meeting at Donaldsonville, in the Third Congressional district. The meeting was large, enthusiastic and determined, and it was a decided break-away from the Democratic party and policy. There were 500 planters, merchants and others present, all of whom have hitherto been Democrats, but they denounced Congress, accused the Democratic leaders of treachery and decided upon a line of policy that will surely endanger the success of the party in the sugar district.

The speakers all expressed their sorrow at being compelled to leave the Democratic party, to which they had belonged all their lives, but adopted the declaration of Senator Caffrey, "Louisiana first, the Democratic party afterward."

Henry McCall, State Senator, a member of the sugar planters' committee which went to Washington, and one of the largest planters in the State, was chosen chairman, and speeches were made by him, Judge R. N. Sims, E. N. Pugh, Richard McCall and others.

Condemning the Administration.

CONCORD (N. H.), Sept. 5.—The Republican State Convention met here today and nominated Charles A. Busiel, of Laconia, for Governor. The platform holds the Democratic Administration responsible for the financial depression of last year; condemns the disastrous attempt to destroy the youthful Hawaiian Republic; expresses its disapproval of the Administration's financial policy; protests against its treatment of Union veterans, and most earnestly denounces the Democratic tariff legislation.

PUEBLO (Col.), Sept. 5.—Pandemonium broke loose in the Populist State Convention almost as soon as it was called to order at 9:15 today. Governor Waite was renominated on the first ballot, receiving all but eight votes, which were given Congressman Pence. The nomination was made unanimous.

Entombed in a Mine.

LOFTKE (Pa.), Sept. 5.—The little mining town of Scotch Valley, near this place, was swallowed up tonight in one of the most complete mine cave-ins ever known in this region. The scene of the disaster is on the slope of Mount Lookout, the score of houses comprising the hamlet being at the mouth of the shaft of Mount Lookout colliery. The widest excitement prevails throughout the region, and details are fragmentary. It is known, however, that the dozen houses on each side of the principal street of the hamlet are completely swallowed up in the gaping hole, and nothing can be seen of the other buildings of the town but the roofs, gables and chimneys.

Wreck of a Warship.

SYDNEY, Sept. 6.—A cable from Noumea states that H. M.'s Dart had just arrived from the New Hebrides, and reports that H. M.'s Ringarooma has been wrecked to the southeast of Mallicolo. All hands were saved, but the ship is supposed to be a total loss. The French warships Duclaux and Scour have gone to her assistance. No details are yet known. It is expected that H. M.'s Wallaroo will be ordered from New Zealand.

A Word For Annexation.

The situation is clearing up rapidly in Hawaii, and the prospects of Royalists opposition to the Republic are daily growing less. The recognition of the new Government by the United States has destroyed what little hope may have been inspired in the bosoms of adherents of the ex-queen by the ill-considered action of President Cleveland, and the belief is growing that annexation is sure to take place in the very near future. This is a consummation which the great majority of the Hawaiians are looking forward to, and it is to be hoped that our Government will see the propriety of definitely settling the matter in the near future, if for no other reason than to prevent Hawaii becoming a bone of contention, as Samoa is likely to be because of our undecided attitude.—[S. THE WOMAN'S BOARD.

Important Meeting Held at San Francisco Recently.

The Woman's Board of Missions for the Pacific, held a meeting on the 5th inst. at San Francisco. The meeting was held in the Plymouth church and lasted the entire day. In speaking of the gathering the Chronicle says:

"The morning session was largely devoted to routine business. Mrs. Sarah B. Cooper conducted a brief devotional meeting and then reports were read by Mrs. S. S. Smith on the work of the year; by Mrs. S. Farnum, the foreign secretary, on work in missionary fields; and by Mrs. H. H. Cole, the home secretary, on local missionary societies. Delegates from seventy-five auxiliary societies were represented, coming from all parts of this State and from Washington and Oregon. By many delegates verbal reports were made.

"The report of the nominating committee and the election of officers was taken up with the following result: President, Mrs. Alice D. Jewett; vice-presidents, Mrs. J. R. McLean, Mrs. H. W. Pond, Mrs. F. B. Pullan, Mrs. S. T. Fisher and Mrs. R. E. Cole; home secretaries, Mrs. J. E. Dwinelle, Mrs. H. H. Cole; foreign secretary, Mrs. Susan Farnum; recording secretary, Mrs. Mrs. S. S. Smith; treasurer, Miss Bessie Merriam; auditor, Rev. Walter Frear.

"Mrs. H. E. Jewett, the president, made a brief, hearty and friendly welcome to the delegates, and was followed by Mrs. J. A. Cruzan of Santa Cruz, who spoke about systematic giving in special relation to missionary work. Incidentally the facts were mentioned that the Woman's Board of the Pacific supports the following missionaries: In Japan, Miss Flora Denton, Miss Effie Gunnison, Miss Alice Harwood; in Micronesia, Miss Wilson; in India, Mrs. Perkins and Miss Mary Perkins; in Africa, Mrs. Dorwood; in Spain, Mrs. Gulick."

When

A man strikes a red pepper in his soup he receives an impression, and impressions are lasting. How can we impress it upon you that it is really your duty to trade with us, that our prices and service are better than elsewhere? Perhaps we can impress you in this way: Money talks, talks cents too. It persuades the stubborn and convinces the skeptic. We know of no such pleader as a LOW PRICE and we have tried to make its voice heard in every nook and corner of our store. It would only tire you if we gave you a list of the many different articles we have just received per "Senta" from England, "Amy Turner" from New York, and the "Rithet" and "Australia" from San Francisco, but we have the goods, and if you call on us you will get an impression or two. First, they are FIRST-CLASS and second, that our prices are LOW.

For that tired feeling—not Hood's Sarsaparilla, but more exercise—a gun, a rifle, or a boat if you take it out of doors, or dumbbells, chest weights, etc., if indoors. Our shot guns range from \$12 to \$65 in price, but we find the \$35 gun gives just about the right amount of exercise for this climate—that is we judge so from the way they sell. After using one of our Winchester Military Rifles till you can get inside an 8-inch bull's eye, 8 out of 10 shots, you will find not only is the tired feeling gone, but you have learned to be cool and careful—things that will serve you well in other ways than rifle shooting.

Have you heard of the story of the Irishman? He bought apples for one cent and sold them for two, and said he made one per cent. profit. We do not commit business suicide by trying to make the Irishman's one per cent.

If you prefer boating and yachting to shooting, you will find we have most of the material needed to either build a yacht or boat or keep it in repair when built, and you do not have to buy any more than you need, as we have everything handy to retail as well as wholesale.

BETTER fence wire is now made than ever before and as POOR fence wire is now made as ever has been before. The BEST can be had right here in Honolulu, and—yes—the WORST. We sell the GOOD KIND.

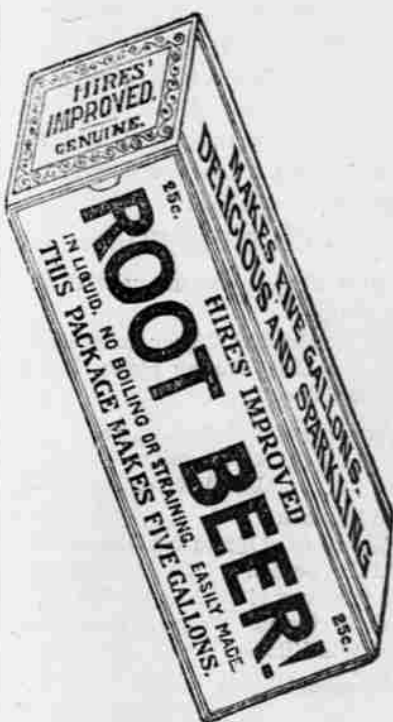

Wait for our remarks about barbed wire. We have plenty now, but will soon have a lot of the best in the world and it will pay you to wait for it.

"If It's Hires' It's Good."

When folks drink more Hires' Rootbeer than all other rootbeers combined, there must be something in Hires', and there is—delicious flavor and public confidence.

Undoubtedly the reason of the popularity of Hires' Rootbeer is, because it surpasses all other preparations for making a delightful home-beverage. It is very easily prepared, and if the plain directions are followed, it will always be good. Every member of the family, from the baby to the grandfather, can enjoy this excellent summer drink. Children especially delight in Hires' Rootbeer. Its preparation interests them, and its use does them good. In thousands of homes, "Hires' Rootbeer that mother made," will be among the happiest recollections of childhood.

What others say will carry conviction:

A DOCTOR IS SURPRISED WITH THE RESULTS.

"About three months ago I bought a package of your Rootbeer, and after making it according to directions, I found it a very delicious beverage. Not only this, but I was so much pleased with it that I gave it to some of my patients, and was much surprised with the result. I have now used about 12 dozen. Dr. M. A. Somers, Plano, Ill."

SAYS ITS GOOD FOR DYSPEPSIA.

"I find great relief in drinking your Rootbeer, as I have been troubled with dyspepsia, and should feel very sorry if I could not keep myself supplied with it. I drink it when it is fermented. R. F. Scott, 2519 Meredith st., Philadelphia."

NEVER FOUND ITS EQUAL.

"I have used your Rootbeer for seven years, and have found it a superior article. I have sampled other rootbeer, but have never found any to equal Hires'. I have so much faith in it that I have persuaded ten different families to use it. Mrs. R. Stevenson, 1027 Lincoln Ave., Chicago."

This is typical weather for rootbeer drinking. Drink all the other beverages and you will die of disappointment if you don't try Hires'.

Just sample some once when rightly made, and we know the result—you will endorse Hires'.

It is doing more to advance practical temperance than many people realize. It is used and recommended by the most cautious and conservative temperance people. The most scrupulous abstainer can enjoy it and recommend it to others as an agreeable and healthful substitute for the strong drink which he opposes.

Storekeepers will find Hires' the only Rootbeer extract that has a good sale and can be recommended to their patrons. We give elegant pictorial advertising matter with each order. Liberal discount to the trade.
